

## IRS APPROVED PUBLIC CHARITY

---

The Georgia Fraternal Order of Police Foundation is a charitable corporation that operates under the 501 (c) (3) provisions of the federal tax code. This official designation granted by the Internal Revenue Service conveys tax-exempt status to the foundation and specifically allows contributions to be tax deductible. Operating as a public tax-exempt charitable organization offers many advantages to donors beyond the immediate benefit of being tax deductible. Contributors have added confidence in knowing that the organization governs and regulates itself through stringent by-laws that meet IRS standards for tax-exempt foundations. In addition, since the Georgia FOP Foundation is an organization comprised and operated by law enforcement officers. Supporters recognize that they are helping sponsor programs and activities that are developed by individuals who truly understand the real need and purpose behind the foundation.

## FOUNDATION PURPOSE & GOALS

---

The Georgia FOP Foundation operates for the purpose of encouraging and promoting a greater understanding and better awareness by the public on issues affecting the law enforcement profession. To pursue this mission, the foundation will raise funds and provide financial support to charitable programs that address needs in the law enforcement community. Funds for the projects will be raised within the broad law enforcement community through independent contributions from FOP members and community fundraising events. In addition, donations will be sought from individuals and corporations in the private sector. With strong participation from Georgia FOP members, the joint efforts of law enforcement and the private sector will combine to produce a highly successful foundation.

---

## PROGRAMS & PROJECTS

---

### THAT ARE ON THE HORIZON

- Establishing a fund to provide immediate financial assistance to families of law enforcement officers killed in the line of duty
- Creating a college scholarship program to help Georgia FOP members and their families face the rising cost of education
- Safety awareness programs for children that will provide the educational material and other resources needed to promote child safety and protection

---

### FUTURE GROWTH

---

Other programs and projects will be added in the future as the foundation grows. The foundation's by-laws were designed to meet the changing needs of law enforcement.
